

Middlesex Township Recreation Advisory Board Meeting

Tuesday, February 14, 2023

In attendance: Marian Smyser, Linda Eckenrode, Kimber Rohrer, Tracy Heiter and Denise Jumper
The meeting was called to order at 6:05pm.

Public Comment

Pickleball discussion- Residents have approached several Recreation Board Members and asked about including Pickleball at the Park. We had a preliminary discussion about it and other park plans but agreed to revisit the discussion at another meeting.

Old Business

November minutes- Approved as written.

Tree Lighting & Santa Breakfast Review- Everyone thought the Tree Lighting went well. The Post Covid procedure of having families line up and wind their way thru the building seems to be working. Everyone agreed that the Sweet Adeline's were great and would like to have them back again next year. The Bosler Library and Miss Meg's Studio were good additions to the evening as well.

Th Santa Breakfast went well too. We had 98 people sign up, and it seemed to flow well. The menu was simplified, and families seemed content with the selection. Less coffee, donuts, yogurt and fruit need to be purchased. (Extras this year were donated to Carlisle Cares)

Special thanks to everyone for making the events successful.

New Business

Event Signs- We will need to purchase some new signs for our events. The signs that were purchased are too difficult to read while driving.

Event Schedule- Distributed list of events and estimate of associated cost for each.

Egg Hunt Preparations- 6000 eggs have been purchased. Linda Eckenrode agreed to be the Bunny. We decided to have the prize table inside to avoid having so many people around the table outside. Marian and another member will hand out prizes to people who present a prize tag. Please collect the prize tags as they exchange it for a prize.

Splash Pad Maintenance- Some underground leaks will create a delay and/or a questionable opening for the Splash Pad this year. The website will let residents know if and when it will open.

We adjourned at 6:55pm. Our next meeting is scheduled for Tuesday, March 14, 2023 at 6pm.
